

# Student Payment Manager

## INSTALLATION GUIDE

Please READ THIS file CAREFULLY and FOLLOW the instruction. To help you I provided VIDEO TUTORIAL Links as well.

If you know how to set up Java, MySQL and Netbeans you can Skip This.

### Step 1

Installing Java JDK 8.

- Open **jdk-8u161-windows-x64** and install. (Setup is provided)

Creating environment variables.

- Follow this link for Windows 7 -  
<https://www.youtube.com/watch?v=vhBNV8no4CI>
- Follow this link for Windows 10 -  
<https://www.youtube.com/watch?v=YmuR4aw9pM>

### Step 2

Installing Net Beans IDE.

- Follow this link - <https://www.youtube.com/watch?v=pgr-Bzkc4zg>

## Step 3

- Installing WAMP Server –
  - <https://www.youtube.com/watch?v=iK-4Uy54hLo>
- Open WAMP
- Go to PHP Myadmin or you can use any other sql client.
  - (<http://localhost/phpmyadmin/>)
  - ( Default Username : root / Password : is blank)
- Create a new database with the name PaymentSystem
- Import the PaymentSystem.SQL file to that database. (SQL File is provided)
  - <https://www.youtube.com/watch?v=VT7upbeMtXc>

## Step 4

Opening the project.

- Open Net Beans IDE.
- Go File > Open project > Locate the folder name **Payment System**.

## Step 5

Run the application.

- Right click on the project and click run.

If you done the installation correctly the application will run perefectly. I already tested and this works fines.
